

BLUESTREAK

Description:

BLUESTREAK is a blue colored, liquid alkaline cleaner with outstanding wetting and penetrating action and controlled foaming properties. It possesses superior soil suspension properties and is safe for most surfaces. This product is very effective on oils, grease, and is an excellent choice for many general purpose cleaning applications.

Typical properties:

- Quickly penetrates and removes soils
- Excellent soil suspension properties to inhibit soils from re-depositing in or on equipment
- Controlled foaming action
- Superior water conditioning
- Free and easy rinsing and draining
- No hard water films
- Safe for use on all surfaces
- Applicable for multiple cleaning methods and requirements

Uses:

BLUESTREAK has been formulated to be an excellent general purpose cleaner and grease/oil remover that is safe for use on all surfaces where rapid and complete soil removal is required.

How to use:

Normal use: Use 2-4 ounces per gallon of water (16-32 mls per liter). Use warm water, @ 125° F/52°C. Allow 10-15 minutes of contact-time but DO NOT allow solution to dry. Rinse thoroughly.

Heavy Duty cleaning: Use 4-8 ounces per gallon of hot water (32-64 mls per liter). Apply through proper equipment and allow 10-15 minute contact-time but DO NOT allow to dry. Rinse thoroughly.

Containers:

BLUESTREAK is available in 500# drums, totes, and bulk. PLEASE thoroughly read MSDS prior to use, and use all appropriate safety/PPE gear.
